Side Panel Features

The side panel shows a list of features that are importantly used when playing combat warriors. heres a list of them and a brief description, CONTROLS: -Shows all controls. this is useful when learning the basics of the game and how it works. PLAY : -launches you into combat warriors. Store : - Store page for all the cosmetics including the cases. heres a list of what there are. Item Shop - Item Shop for current items. (these items last for only 24hrs so get them fast!) Loadout - the loadout shows your weapons that you can choose from if you own them. (Heavy/Ranged/Light) Customize - The customize panel allows you to customize your cosmetic bundle (can be bought via item shop/ battlepass) you can also get overhead tags that show a custom tag over your head! (can be bought by daily spin/Battle pass/3000 robux There are also Chat tags! that show a custom chat tag when you talk in roblox! (2000 robux/daily spin/battlepass) Battle Pass The battle pass gives you items whenever you level up! you can pay 1000 robux to have the full battle pass (alot of items) or if you don't you can still have items but not as much.
